

Cry In The Dark
(Regi Stone, Christy Sutherland)

Another silent night
Just like the ones before
Another girl named Mary
But not just any baby, He was Lord of the earth

CHORUS:

It was a cry in the dark
That changed everything
Every beat of His heart
Echoed my name
God's perfect plan was born in a man
What a beautiful start
With one baby's cry in the dark

All the earth stood still
At the sound of His voice
Nations bowed before Him
And all over Heaven, the angels rejoiced
