

Digging Ditches
(Alves, Colgin, Sutherland)

Three kings in a desert
Headed off to battle
There was no water for the men or their cattle
They called for Elisha
And said what shall we do
He said I've got a message from God to you

Chorus #1:
Start digging ditches and watch Me fill 'em up
Without lightning or a single rain drop
Make room for the blessing
It's headed your way
Pick up a shovel and step out on faith
Digging ditches

Down in the valley
Fear and doubt are born
You don't need Elisha to hear a Word from the Lord
Call on Jesus, that's all you've gotta do
Living water is waiting for you

Chorus #2:
Start digging ditches and watch God fill 'em up
Without lightning or a single rain drop
Make room for the blessing
It's headed your way
Pick up a shovel and step out on faith
Digging ditches

Faith in the hard times is the measure of a man
It don't hurt to get a little dirt on your hands
Digging ditches

Chorus #2 x 2
