

The Palms of My Hands
(Sonya Isaacs, Christy Sutherland)
7/7/10

You might think that you're forgotten
Like a sparrow in a storm
You don't know where you're going anymore
But I've heard the prayers you whispered
And I've heard your broken song
And I have been here with you all along

Chorus:

I've engraved you on the palms of my hands
Where they drove the nails in I see you
And I know you
Every breath that you take
Every time your heart breaks mine does too
I've engraved you on the palms of my hands

Bridge:

Before your life began I saw tomorrow
I've tasted every tear before it falls
I've felt the weight of all your pain and sorrow
You were on my heart when I was on the cross

Chorus

I've engraved you on the palms of my hands
